SHM

*Specialty Horizontal Merchandisers
Shown With Optional Wraparound Bumper*

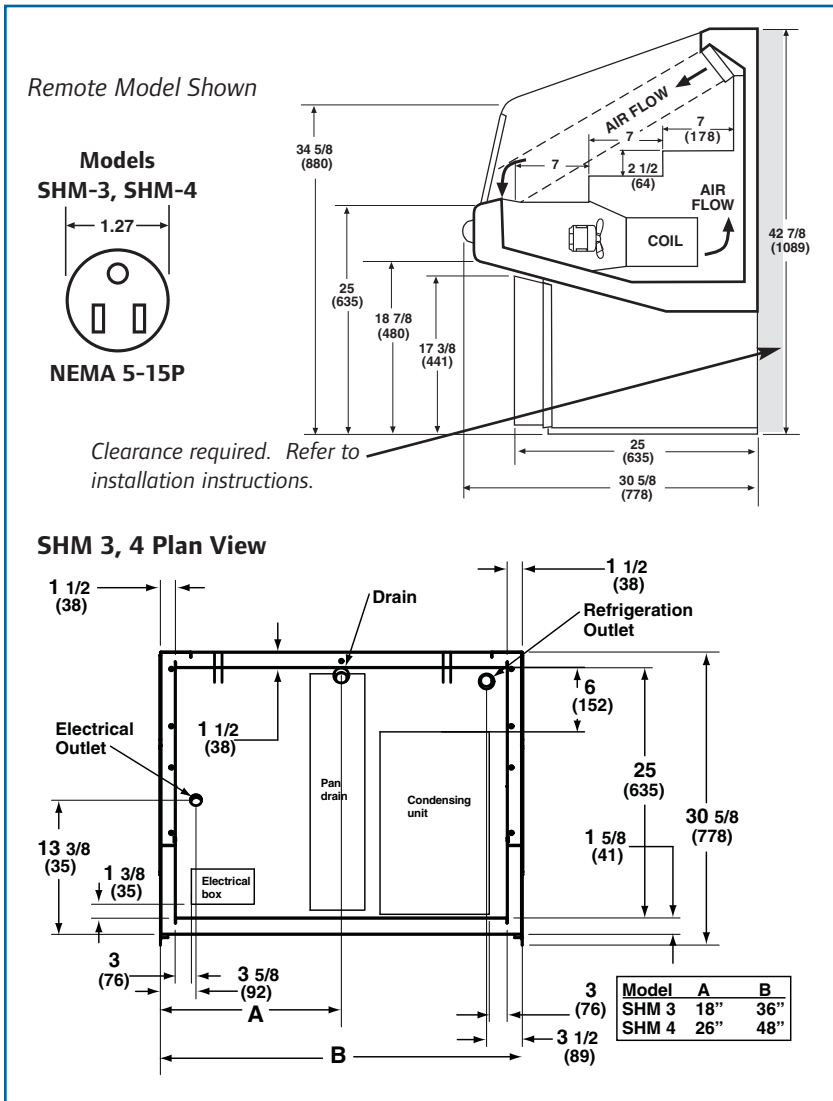

IR Ingersoll Rand

Specialty Horizontal Merchandisers

SHM-3, SHM-4

Self-Contained and Remote Medium Temperature Deli Case for Produce, Pizza, Sandwiches or Beverages

Design

The contemporary styling of the SHM places maximum attention on merchandising. A softer, rounder design featuring as standard a white base with black bumper. All SHM merchandisers have the same contour and line up together to create extended product displays.

Merchandising

The SHM is a traffic stopper... a product mover... with a display area that creates a dramatic, unlimited view of the product display. Large volume three-step display insert brings the product to the customer and stimulates impulse sales throughout your store.

Construction

Compact size offering maximum display area in minimum floor space. Large front window and sides for increased product visibility. Easy to clean interior. CFC-Free foam insulation. Factory installed power cord (*self-contained cases only*) and on/off power switch.

Refrigeration

Air curtain design with efficient honeycomb air discharge. Automatic defrost. Electronic controls with digital display. Electric condensate removal – no drain required (optional for remote cases). Slide-out condensing unit for easy serviceability. Rear air intake/discharge is available for SHM-4 model. Adjustable temperature control.

Warranty

For detailed warranty information, visit www.hussmann.com.
