

Refrigeration Solutions

www.c-storesystems.com

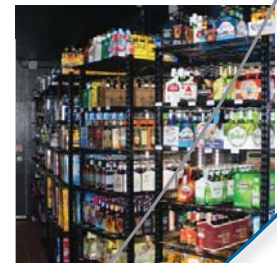

C-Store Systems installs and services complete refrigeration and HVAC systems. We can assist with your total refrigeration and HVAC installation and service including custom preventative maintenance programs.

We can help you:

- Design and engineer all walk-in cooler, freezer, beer cave including reach-in and automatic doors
- Energy saving options including ECM fan motors and LED lighting
- Commercial refrigeration and HVAC systems & controls
- Custom designed preventative maintenance programs
- Refrigeration & HVAC service for warehouses, grocery, and convenience stores including ammonia refrigeration service
- Electronic systems installation and monitoring
- OSHA certified technicians attend training classes by equipment manufacturers and Hussmann staff on regular basis to remain knowledgeable on equipment they are servicing

For more information, please review our website or call and talk to one of our representatives about how we can work together to develop your project.
